SUMMARY

I am a motivated and adaptable student eager to secure an entry-level position where I can leverage my skills and knowledge. I have a solid background in computer science and a strong interest in AI and machine learning. Known for my analytical thinking and problem-solving abilities, I seek to contribute to team success while continuing to develop my expertise in a dynamic environment

EDUCATION

B.E. in Computer Science and Engineering - Artificial Intelligence & Machine Learning

[PES College Of Engineering](#)

CGPA: 5.29

10/2023-10/2027 Mandya

Pre-University

[STG PU COLLEGE](#)

Chinakurali

School Secondary

[THE GOLDEN VALLEY PUBLIC SCHOOL](#)

Bangalore

KEY ACHIEVEMENTS

Achievement in ISTE Competition

Runner-up in ISTE conducted Minute to Win competition

SKILLS

Gmail	CSS	Data Structure	Python
Machine learning		Microsoft Power BI	
C/C ++	SQL	HTML	JavaScript

PROJECTS

Medicine Analysis using Web Scraping

Web scraping project analyzing medicine pricing and availability

- Built a Python tool to scrape 500 medicine records from online pharmacies
- Extracted details like prices, availability, and side effects for analysis
- Identified pricing trends with up to 15% variation across vendors

Startup Investment Analysis in India

Analysis of startup investments using scraped data and visualization

- Collected and cleaned 1,000 funding records using Python web scraping
- Structured the dataset in MySQL for efficient querying and analysis
- Built Power BI dashboards revealing city, industry, and funding-type trends

AI Voice-Based Reminder Scheduler

Developed an AI-powered voice-activated reminder scheduler to improve productivity and task management.

- Developed a reminder system using speech recognition and NLP
- Supports rescheduling and updates to existing tasks with natural-language time parsing
- Achieved 95% accuracy while scheduling/executing 50 reminders

INTERESTS

Volunteer - YRCW Blood Donation Camp

Supported and assisted in organizing the Blood Donation Camp

Active Member - ISTE, YRCW, NSS

Contributed to technical, social, and community initiatives
